

**Goldman Sachs 10,000 Small Businesses (10SKB)
Community College of Philadelphia**

Are you ready for the Goldman Sachs, 10,000 Small Businesses (10KSB) program?

Small businesses, the largest group of employers in the Greater Philadelphia region, have been devastated during the COVID19 pandemic.

In this environment, do you have the skills and resources to move forward and grow your business?

Would you benefit from a peer network to share ideas, experiences and successes?

Could you benefit from a program with faculty experts focused on:

- expanding your vision,
- challenging you to think differently on what your business could become,
- increasing your understanding of your financials, and
- improving your leadership skills,

all with the goal of strengthening and growing your business?

The 10KSB program is a comprehensive 14-week program designed for you to create a 5-year growth plan for your business. When you complete the 10KSB program, you will join over 660 Philadelphia-region business owners and over 10,000 small businesses across the country to take advantage of on-going opportunities for professional development with this vast network of alumni.

Classes are provided at the Community College of Philadelphia, the only 10KSB site in the tri-state region.

The 10KSB program is fully funded by Goldman Sachs and is provided **AT NO COST** to those accepted into the program.

Connect with your fellow small business peers throughout the region, share your expertise and take advantage of the continued investment by Goldman Sachs into our region.

Applications for the January 2022 cohort are being accepted now. Go to www.10ksbapply or call 267-273-8751 for more information.
